# Spots from Coastal Action Plan

## **Main focus of FLAG strategy :**

Set up of a system for local development, integrated and based on local resources, able to valorize the productive potentials and typical products, by consolidation of the existing policy-economy-sociality, for the growth of local system and the participation of all the actors in decisional processes.

## **Main objectives:**

1. Maintenance of the social-economic wellness and promotion of fishery and aquaculture products
2. Sustainable development of coastal area and environment
3. Promote the transnational and interregional co-operation for BAP exchange

# Projects

# Projects and Goals
